		Government of Odisha , turnover criteria already evaluated at time of Empanelment.  If firm registered under startup odisha and startup india certificate exemption of Turnover Criteria.	
6	Pg No- 13 Pre-Qualification Criteria Point No – <b>15. Penalty Clause :</b> The successful Bidder will bear penalty if it fails to meet the timeline for the delivery of the assignment. There will be penalty of 1% on the order value if the work is delayed by one month (30 days) from the stipulated date of submission. If the work is delayed more than 3 months from the stipulated date of submission, then the order will be cancelled and the agency will be blacklisted by CMGI.	Request for Clarification :	
		How responsibility is defined ?	Delivery of the project as per the terms and conditions mentioned in the tender document
		Who are the stakeholders ?	As mentioned in the tender document
		How CMGI will define the selected bidder responsibility of delay ?  Kindly put the RACI matrix of delivery of the projects and defined responsibilities.	Already mentioned in the tender paper  The selected vendor will be solely responsible for the RACI matrix of delivery of the project under guidance of CMGI.
		In case the cause of failure of service/service level/ performance measure which is not attributable to Service Provider , the penalty and blacklisting should not be applicable.	Not accepted

## ESquare System & Technologies Pvt. Ltd.

Sl. No.	Section / Clause	Query	Justification / Purpose	Clarification by CMGI
1	Scope of Work – Technology Migration	Can you confirm the exact technology stack currently used in LMS 2.0, including frontend, backend, and database?	This will help in assessing the complexity of migration to Spring Boot and Microservices.	JAVA Spring MVC as backend and PG SQL as Database
2	Scope of Work – Mobile App Development	Is there any preference for mobile development framework (e.g., Flutter, React Native)?	Helps plan the right technology stack and resources.	No specific framework, but it should work for both Android and IOS
3	Scope of Work – Integrations	Will CMGI provide or facilitate API specifications for e-Dispatch and e-Court integration?	To estimate integration effort accurately.	Yes CMGI will facilitate for this
4	Feature Enhancements	Is there any existing chatbot platform (e.g., Google Dialogflow, Azure Bot) or should the bidder build a new one from scratch?	Impacts design and integration timeline.	It should be built from scratch
5	Accessibility	Could you clarify the standards to be followed for accessibility (e.g., WCAG 2.1 Level AA)?	Ensures compliance and proper planning.	
6	Security Compliance	Is there a list of CERT-In empanelled auditors approved by CMGI, or is the vendor free to select?	Important for planning audit and cost.	No such approved list of vendors
7	Project Timeline	The RFP mentions 12 weeks for development. Is this timeline flexible based on project size and pre-approval?	12 weeks may be tight depending on depth of integration.	Yes
8	Post-deployment Support	Is the 6-month support period expected to be onsite or remote? Will there be SLAs?	Impacts resource planning and cost.	Onsite only
9	Payment Terms	As payment milestone is segregated into Web APP and Mobile App milestone achievements - can the financial bid format also be	This will provide clarity and avoid confusion of segregating the amount	Accepted

		segregated to capture them individually.	for both the track	
10	Source Code Ownership	Will the IP and source code rights remain with CMGI post-deployment?	Legal clarification for vendor protection.	Yes
11	Evaluation Criteria	Are there any additional marks for providing innovative features or value additions beyond what's stated?	Helps tailor proposals with more impactful ideas.	No
12	Training	Will CMGI provide a venue and equipment for end-user training, or should the bidder arrange it?	For logistical planning.	CMGI will provide logistics and orientation
13	Consortium	Is consortium partner allowed to include a specialist firm like in iOS and all, even if they are not empanelled individually?	Provides clarity on allowable partnerships.	Not allowed
14	Hosting & Deployment	Will the new LMS be hosted on State Data Centre (SDC) or any cloud infrastructure? Who will provide credentials and access?	Clarifies deployment environment.	Infrastructure will be provided by CMGI and credentials and access will be provided to the selected vendor.
15	No. of Users and Concurrency	Can you please provide total no. of users of the application along with concurrency details.	This helps in architecting the application in a better way	Approximately 50000 user and 200 concurrency
16	Project Management Tools	Does CMGI expect the use of any specific PM or ticketing tools (e.g., Jira, Redmine) for collaboration?	To align internal practices.	Yes
